Dear \_\_\_\_\_,  
YOUR NAME HERE

Moving can be fun! This folder of activity cards is just for you. Some cards are for before you move, . Some cards are for during your move, . Some cards are for after your move, . It is a moving journal.

There are tips to help make your move easy and fun. There are games to play, puzzles to solve, pictures to draw and pictures to color. Use your "Sun Stickers" to mark your boxes of favorite things.

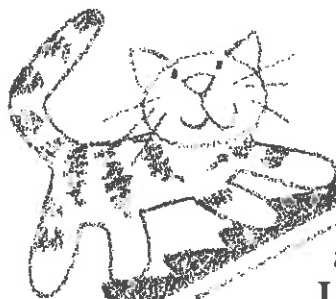

Keep this folder. Add more pages with your own pictures and words to remember your move. Have fun!

# What Makes Your Room “Yours”?

What are your favorite things that make your room special?

Write your list of favorite things on the moving box below.

Pack a special box with your favorite things in it.

Use your Sun Stickers to mark your boxes

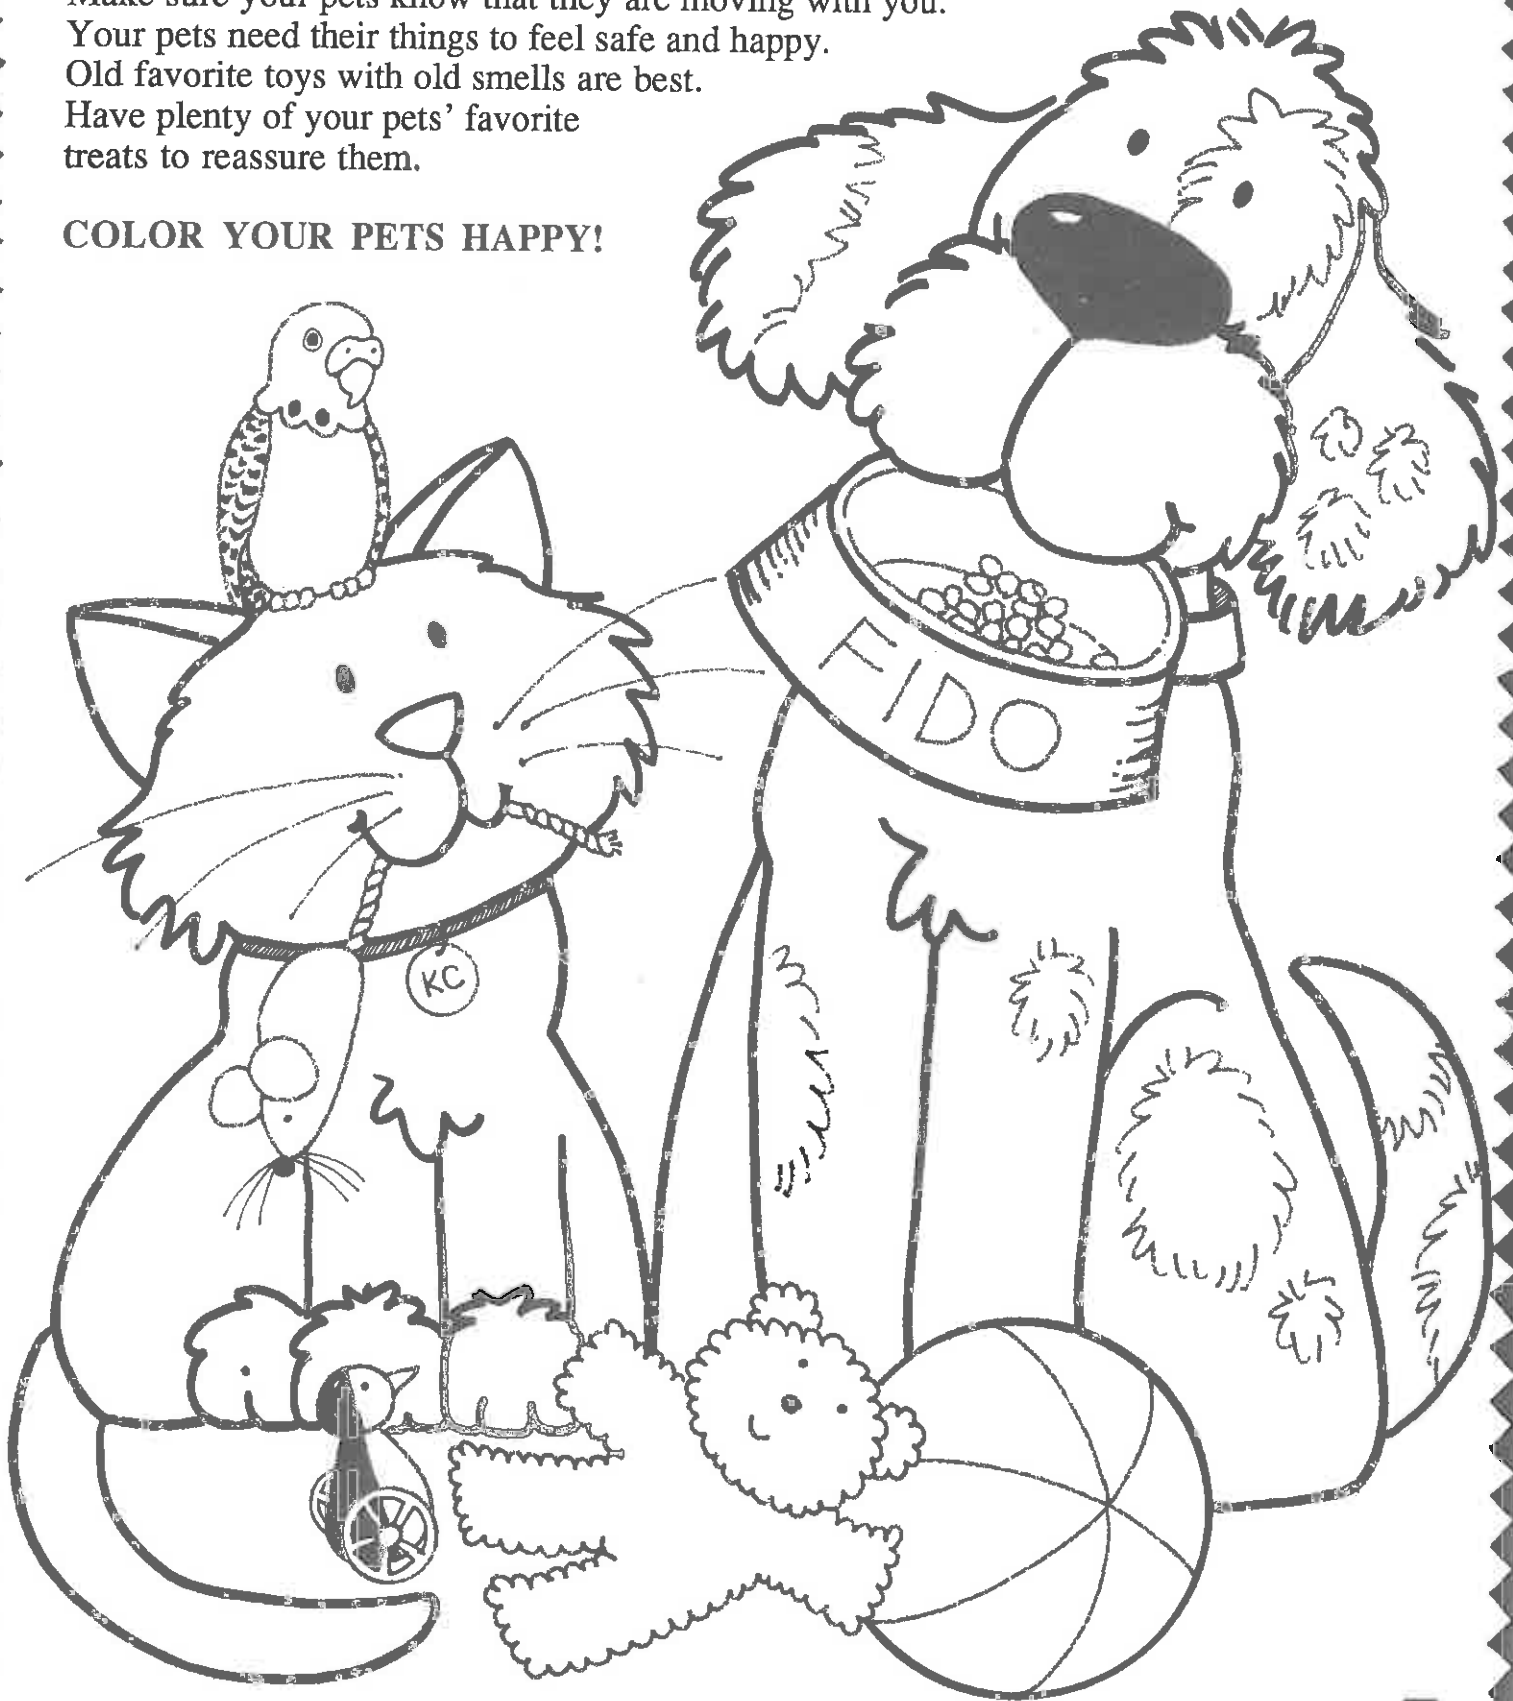

**TIP:** If your special box can't travel with you, put it on the van last. It will be unloaded first. Unpack it first to make your new room feel like home.

# Pack your Pets Too!

Make sure your pets know that they are moving with you.  
Your pets need their things to feel safe and happy.  
Old favorite toys with old smells are best.  
Have plenty of your pets' favorite  
treats to reassure them.

**COLOR YOUR PETS HAPPY!**

**TIP:** Be sure your pets wear their tags with your new phone number.
